

# HIK-CONNECT – ALARM NOTIFICATIONS VIA THE HIK-CONNECT APP

## NOTE 1: TILE VIEW

This manual is presented in 'Tile View', if you are using the app in 'List View', you can change to 'Tile View' using this button.

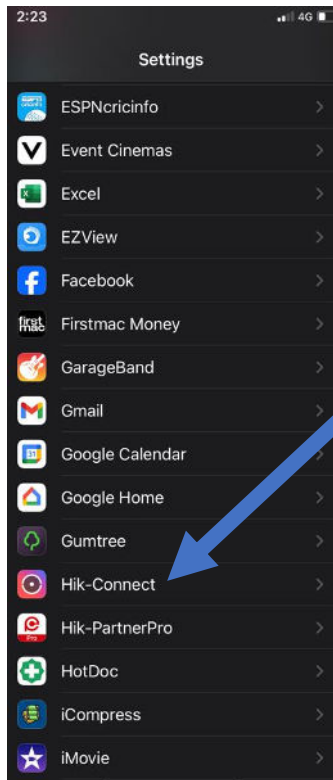

## NOTE 2: REFRESH

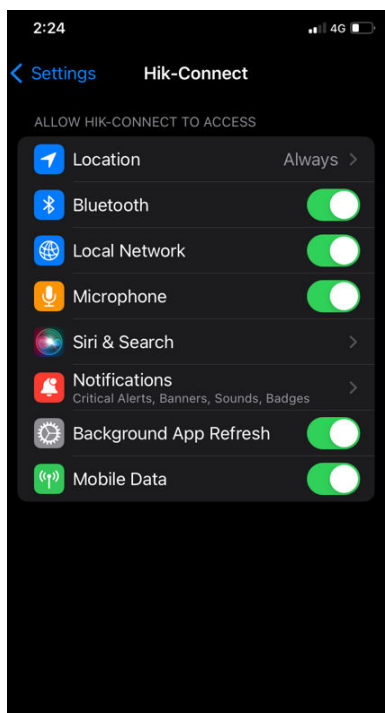

Always 'drag the screen down and release' to refresh the page and get the latest status/information from the alarm panel.

## PART 1: SETTINGS

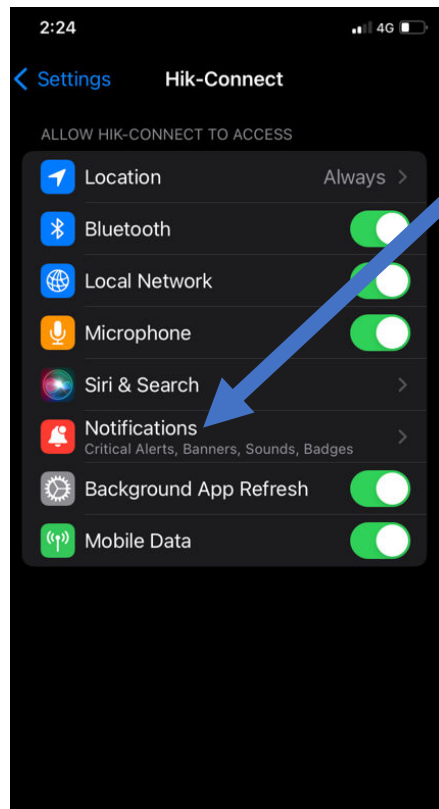

Go into the 'Settings' menu on the iPhone. Scroll to the bottom where all the apps are listed, and click on 'Hik-Connect'.

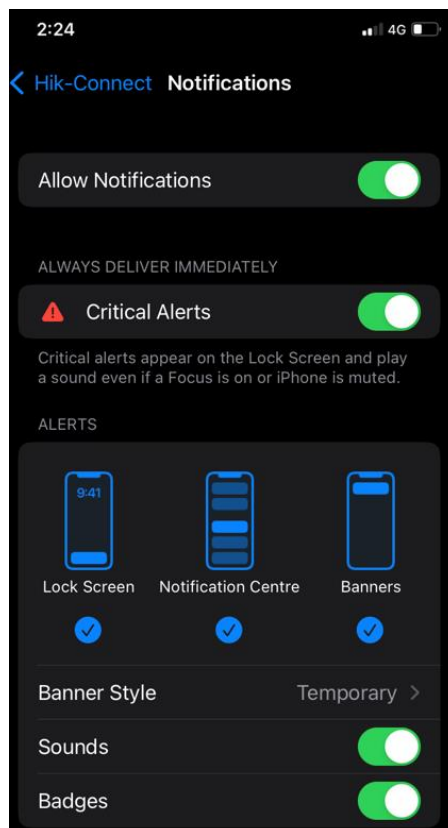

Ensure everything is turned on

Press 'Notifications'

Ensure everything is turned on

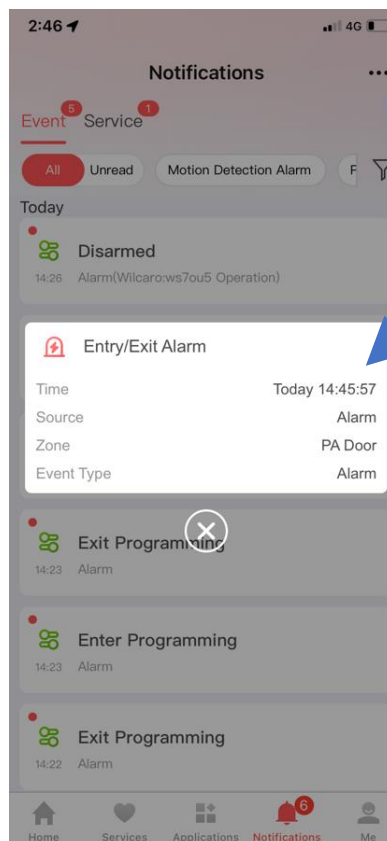

## PART 2: RECEIVING NOTIFICATIONS

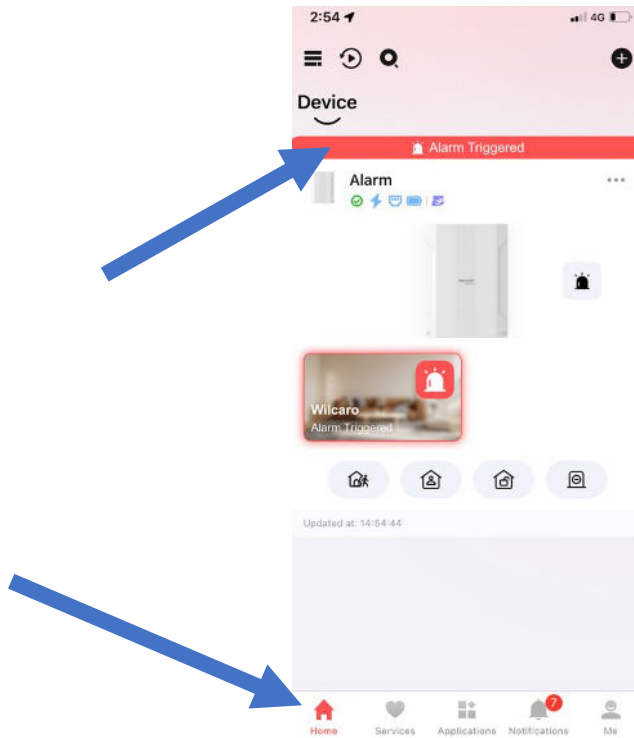

If the alarm is triggered, you will receive a notification instantly.

Click on the notification and open it to get detailed information such as which sensor was triggered etc.

You can go to the home screen, and you will see the alarm is triggered. You can disarm it, clear the alarms, leave it in alarm etc.

At any time, you can go to the 'Notifications' menu to see all recent 'Events' (alarms, arming, disarming etc.) from the alarm.
