

# HIK-CONNECT – HOW TO LIVE VIEW CAMERAS IN HIK-CONNECT

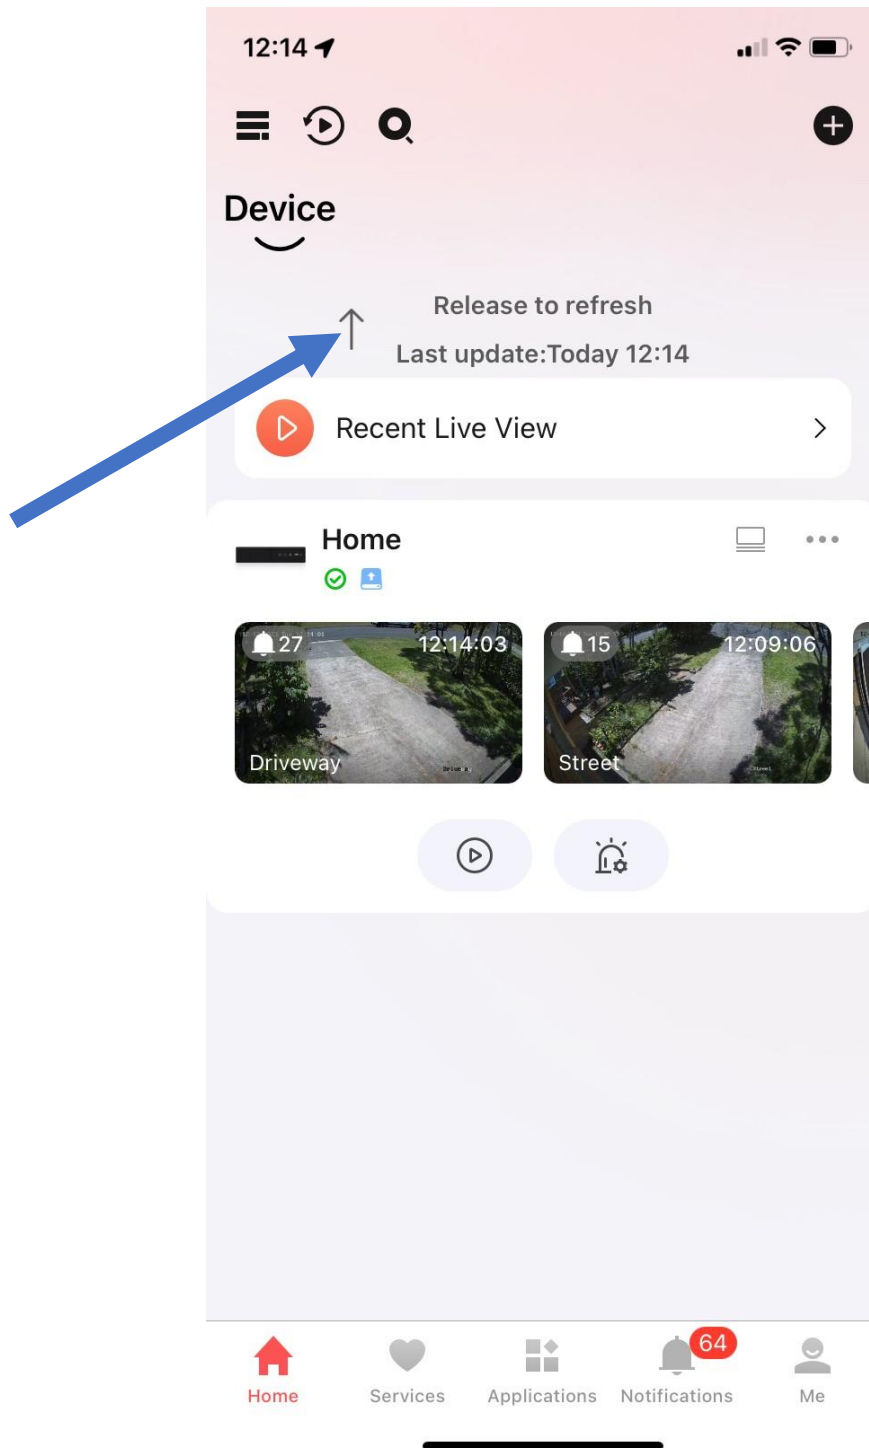

## NOTE 1: TILE VIEW

This manual is presented in 'Tile View', if you are using the app in 'List View', you can change to 'Tile View' using this button.

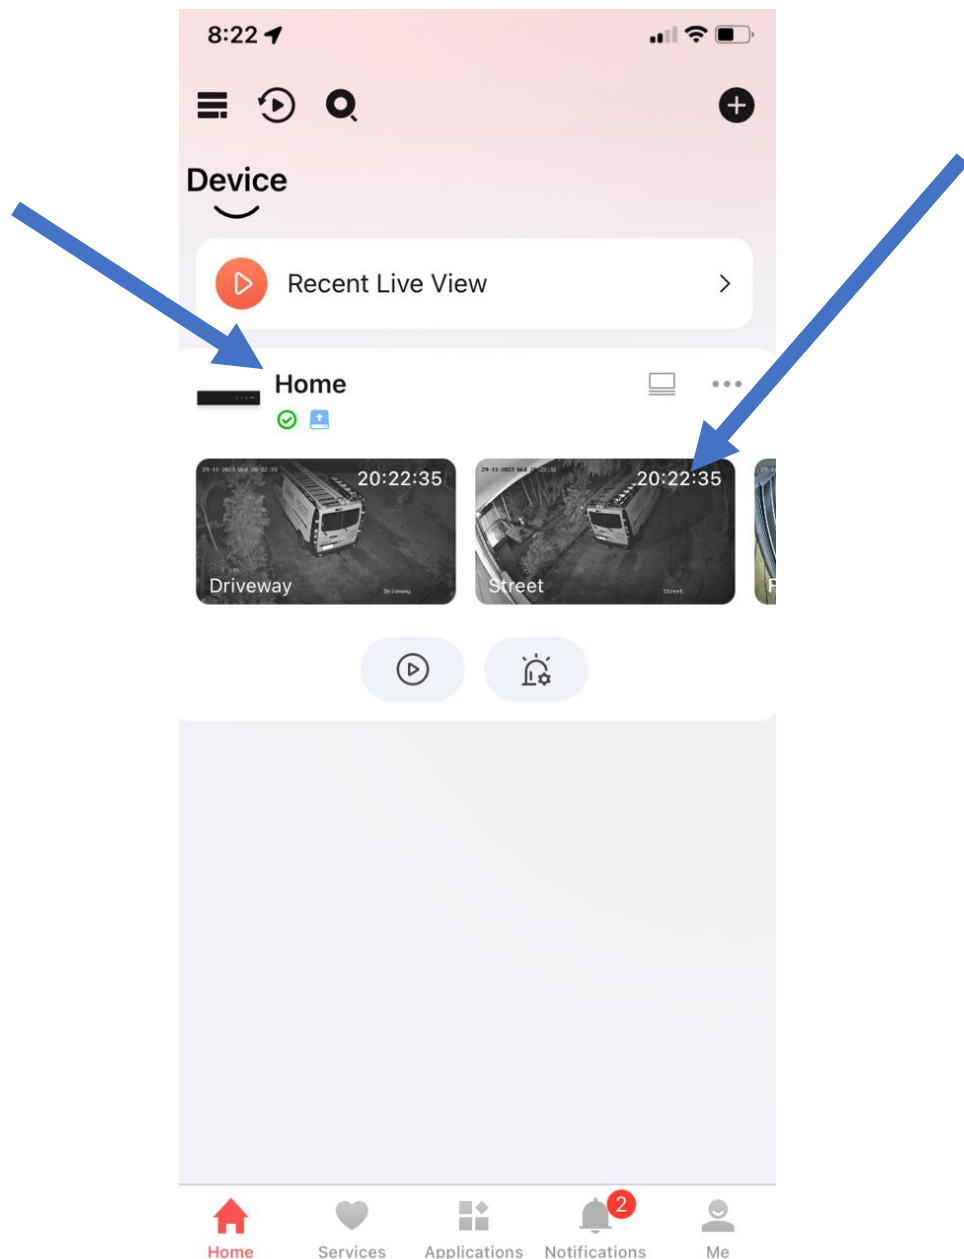

## NOTE 2: REFRESH

Always 'drag the screen down and release' to refresh the page and get the latest status/information from the system.

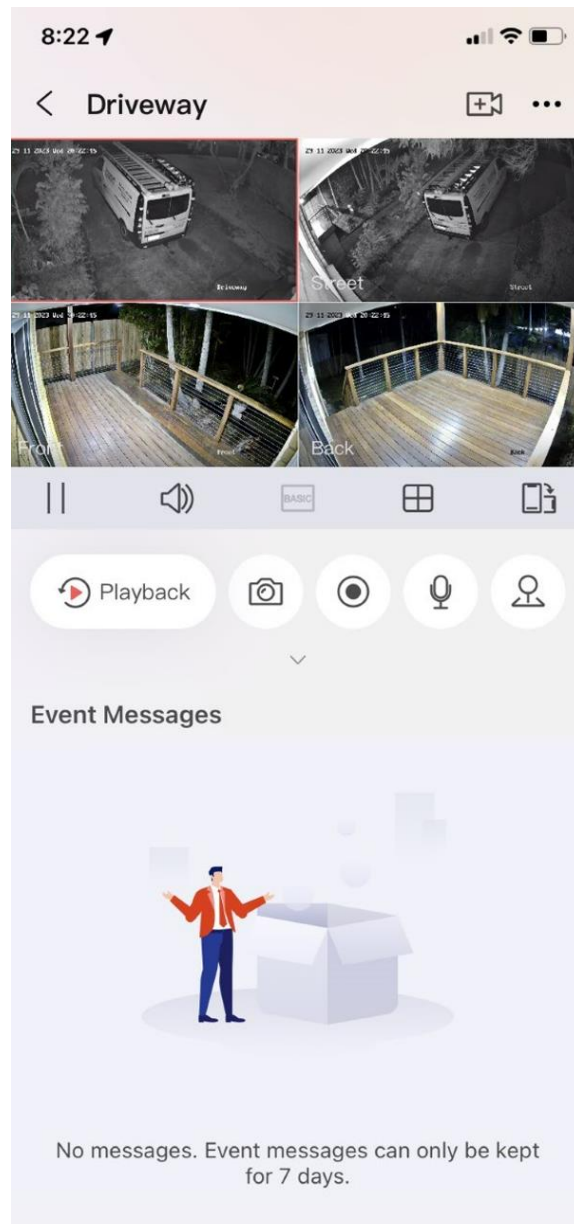

## PART 1: HOME SCREEN PREVIEW

1. The Home Screen features a preview of all the cameras.
2. These are not 'Live View'. They are the last time you viewed the camera, as shown by the time in the corner.
3. You can click on the title to bring up a screen with all cameras.
4. You can click on a camera or scroll across to select a camera and click on it to bring up only that camera.

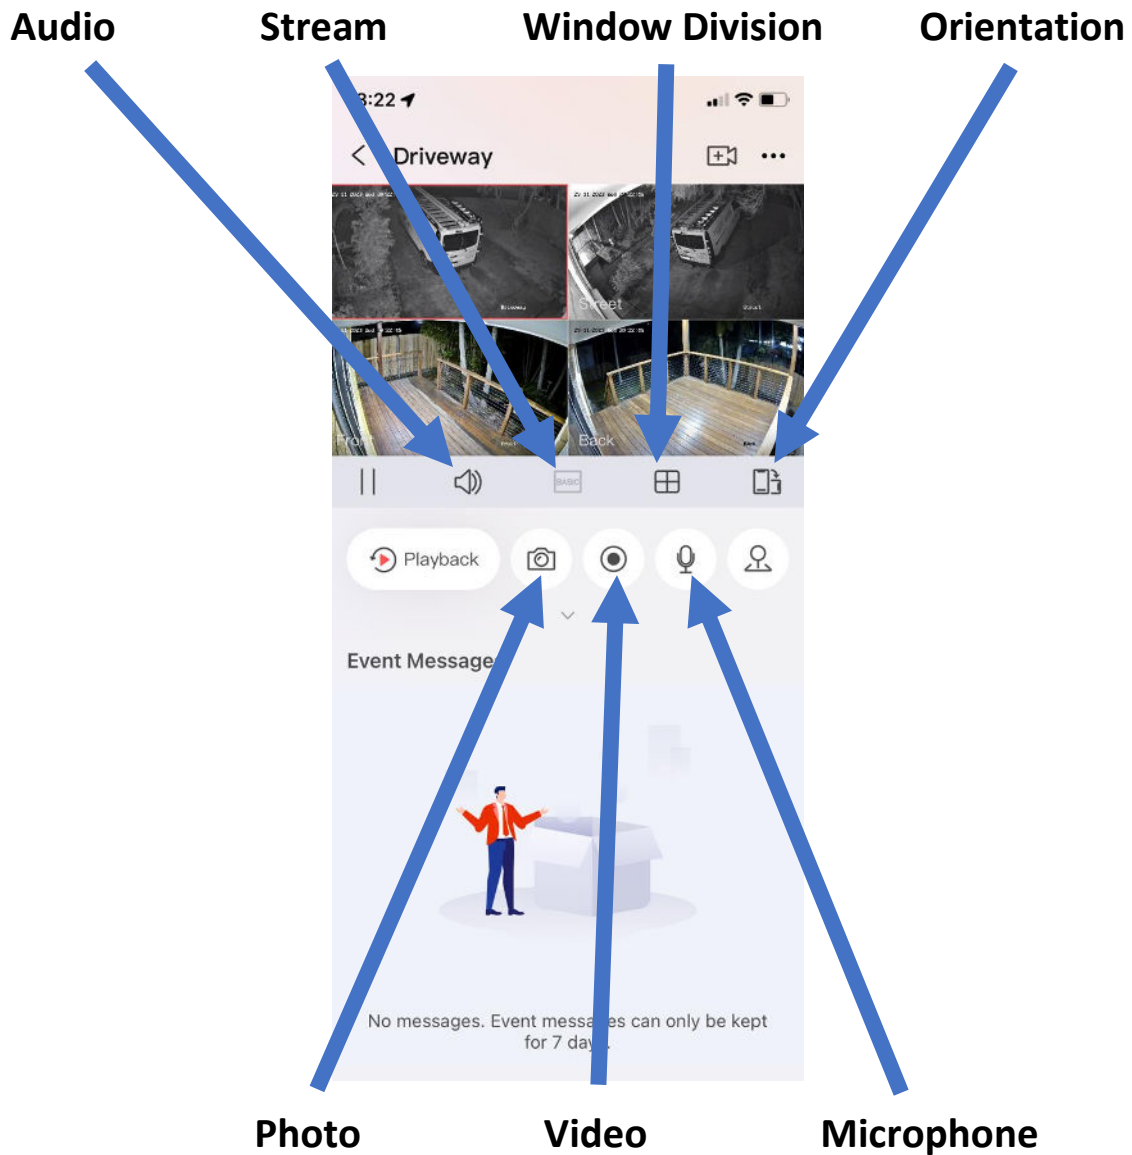

## PART 2: LIVE VIEW

1. By bringing up all cameras, all cameras will be shown on the screen.
2. You can double click a camera to bring up that one camera, and double click again to go back to all cameras.
3. When viewing one camera, you can swipe left and right to scroll through the cameras.
4. You can turn your phone sideways to go to landscape view.

## PART 3: BUTTONS

**Audio:** Turn on/off audio

**Stream:** Change between low quality/high quality

**Window Division:** Select how many and which cameras

**Orientation:** Toggle portrait/landscape mode

**Photo:** Take a photo and save it to the app

**Video:** Record a video and save it to the app

**Microphone:** Turn on the mic (ie: speak through the camera)

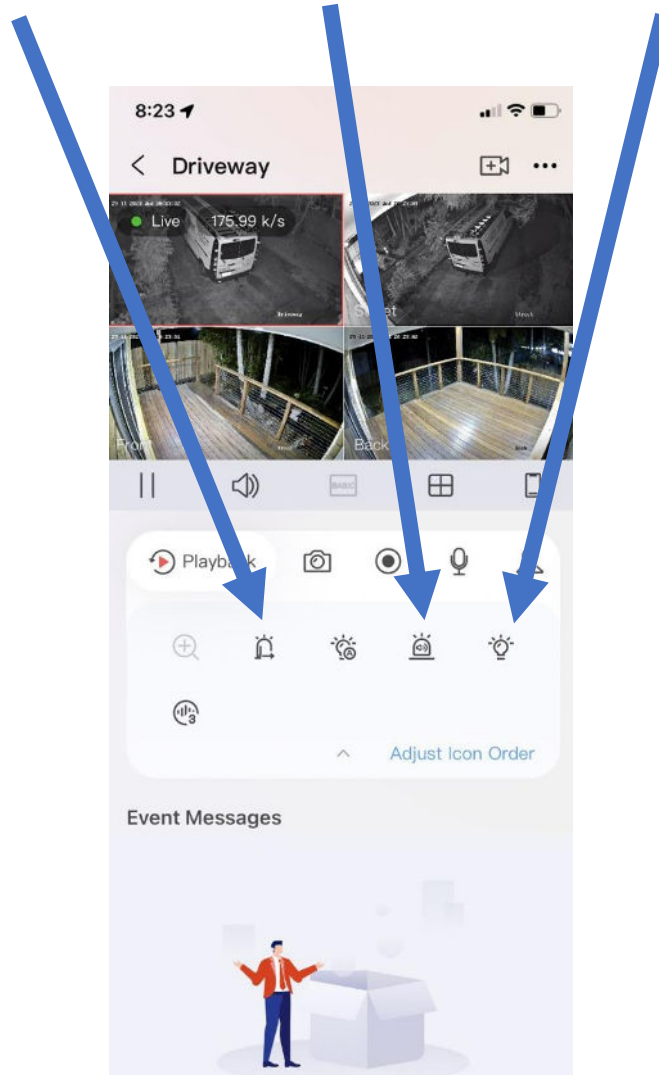

## PART 4: ADDITIONAL BUTTONS

You can reveal additional buttons by dropping down the menu.

**Alarm Output**

**Manual Siren**

**Manual Strobe**

**Alarm Output:** Open/Close Door etc.

**Manual Siren:** Manually turn on the camera's siren

**Manual Strobe:** Manually turn on the camera's strobe light

*Note: If you are missing any buttons, it is because your device (ie: NVR/Camera) or your user type (ie: Master/Shared User) doesn't support that feature.*
