

HIK-CONNECT – HOW TO USE THE CLOUD SERVICE

PART 1: ACCEPT THE HANDOVER

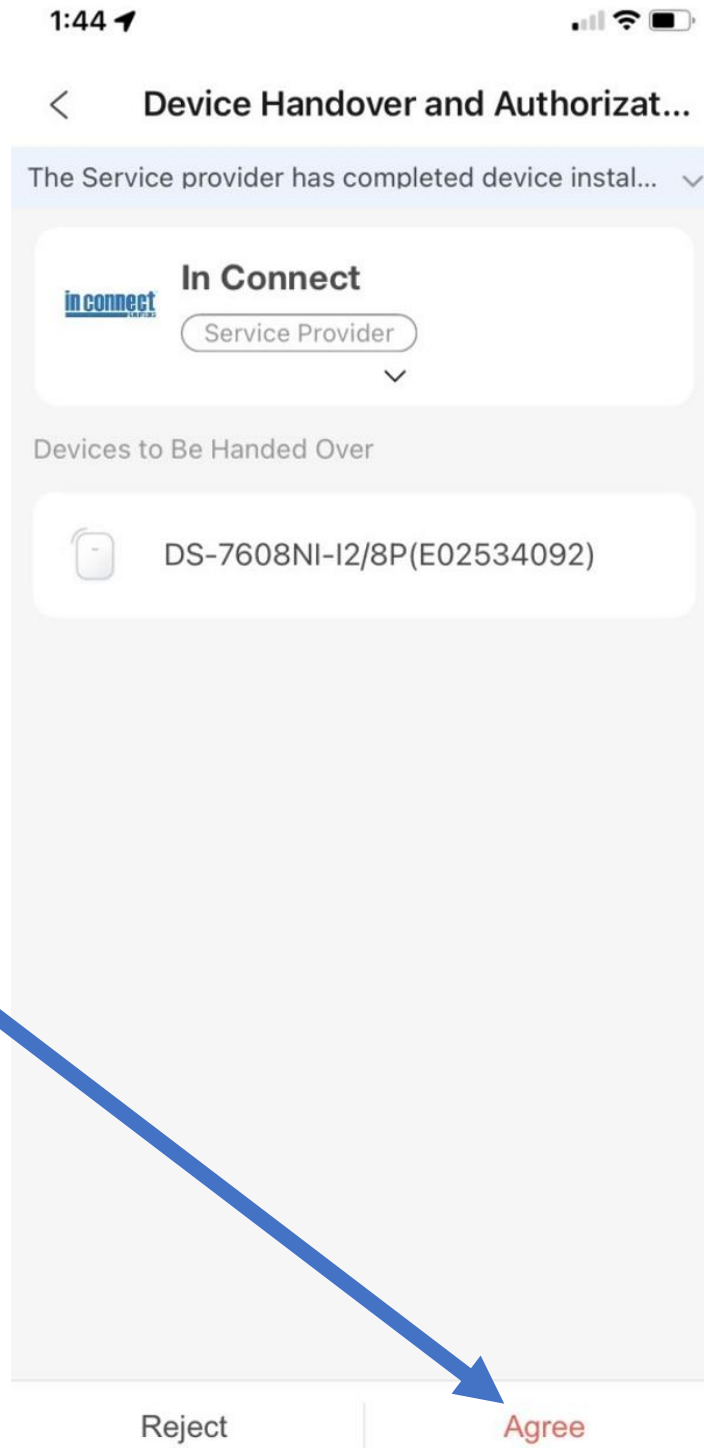

You will receive a notification that the device is being handed over to you.

If you don't have the notification, you may find it in Notifications > Service.

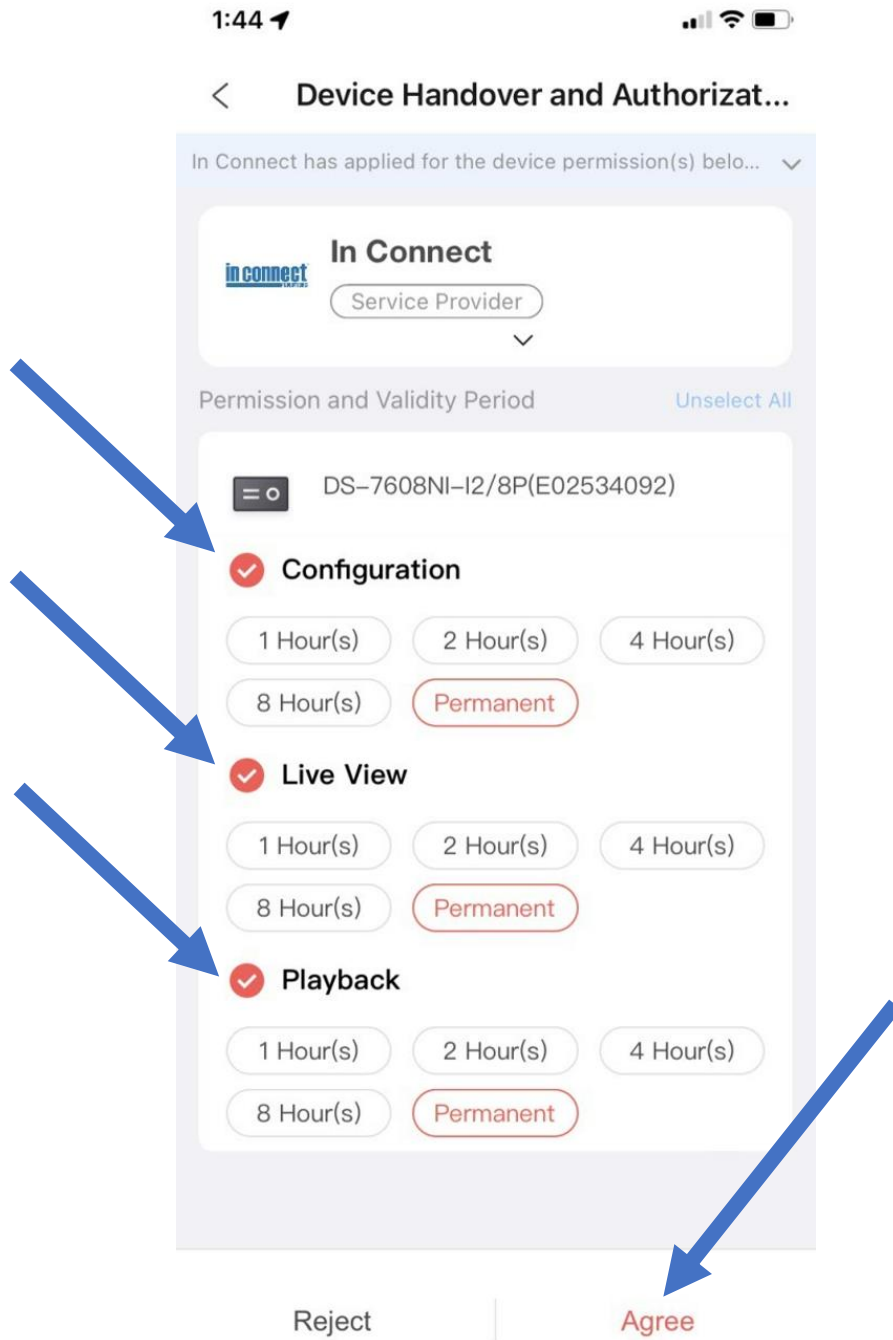

Press 'Agree'.

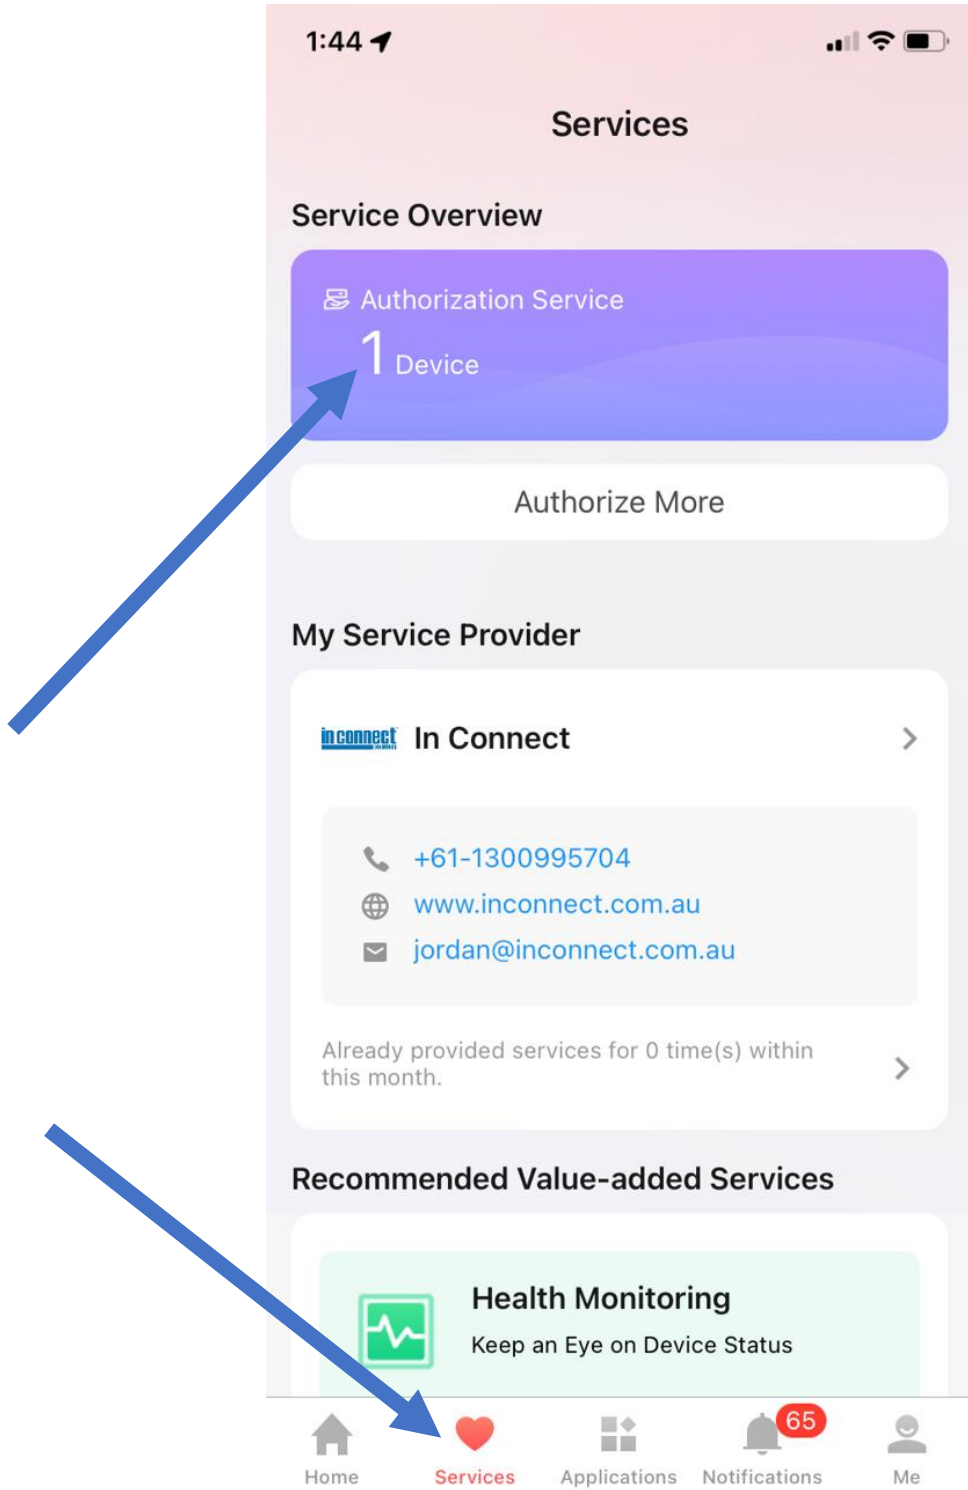

PART 2: SET PERMISSIONS

You can choose what permissions your service provider has. You can change these later and turn them on/off any time you choose.

PART 3: CHANGE PERMISSIONS

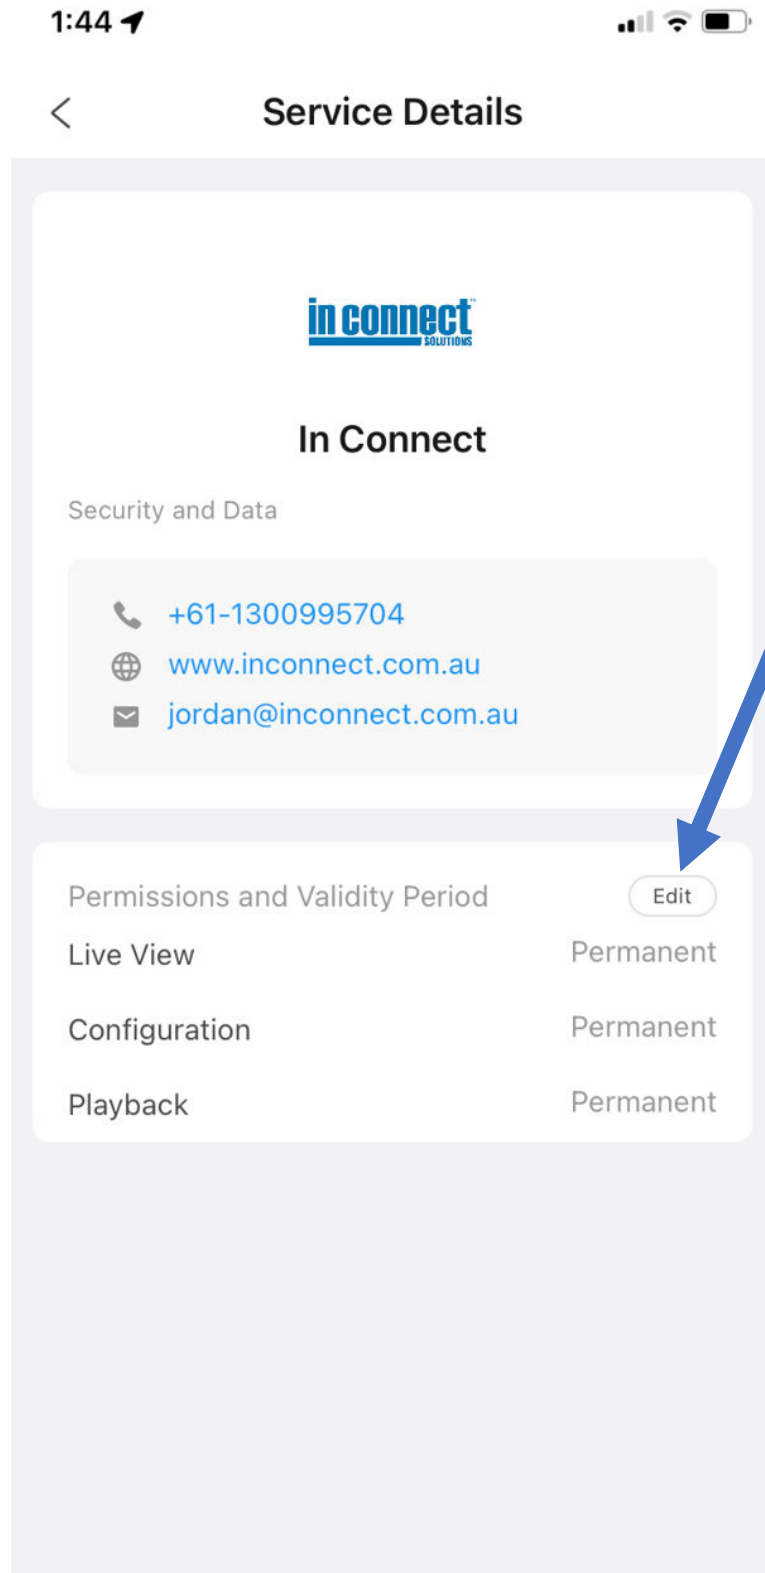

To change permissions later, go to ‘Services > Device’.

Click on the chosen device.

Press 'Edit'

PART 4: NOTIFICATIONS

Anytime your service provider access's your device for any reason, you will receive a notification.
