

34. HOW TO PLAYBACK CAMERAS IN IVMS **(JUNE 2025)**

STEP 1

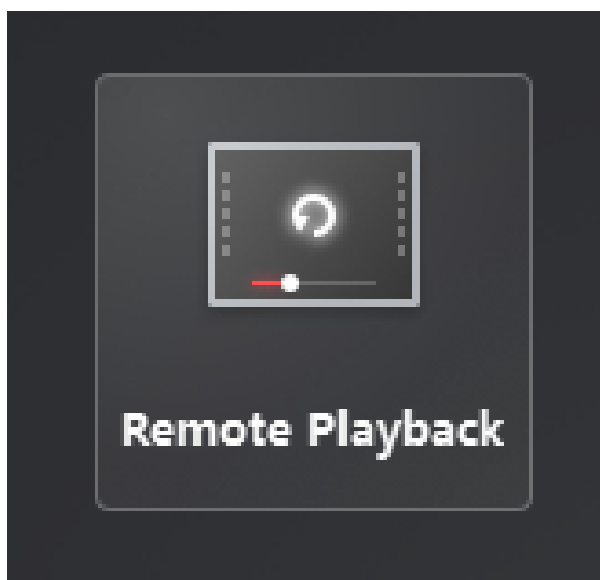

Go to the IVMS Home Page.

The icon can be found in the top left-hand corner of IVMS.

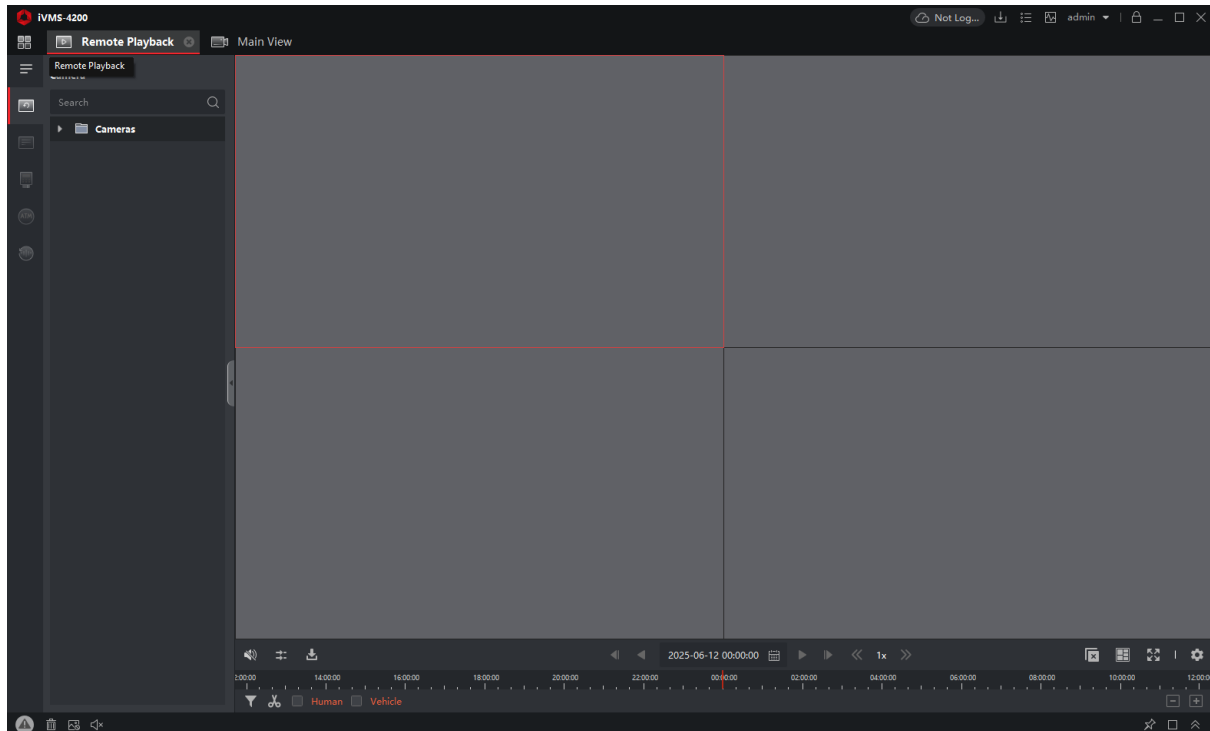

STEP 2

Go to Remote Playback.

STEP 3

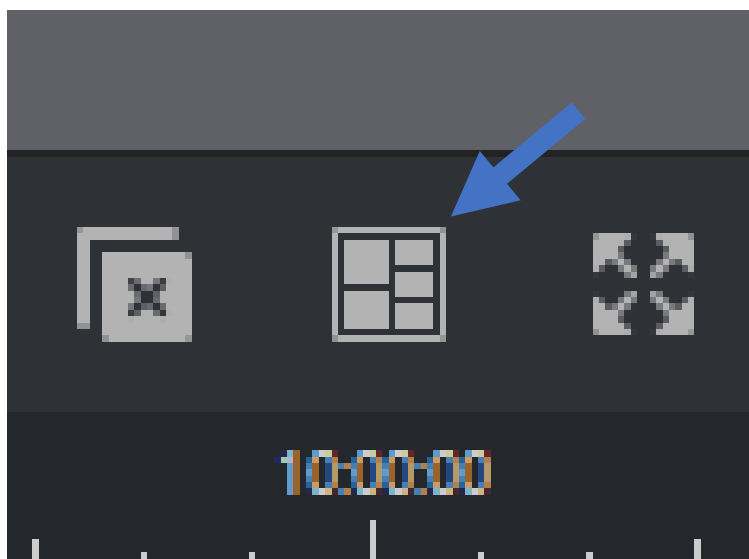

Confirm you are on the Remote Playback screen.

STEP 4

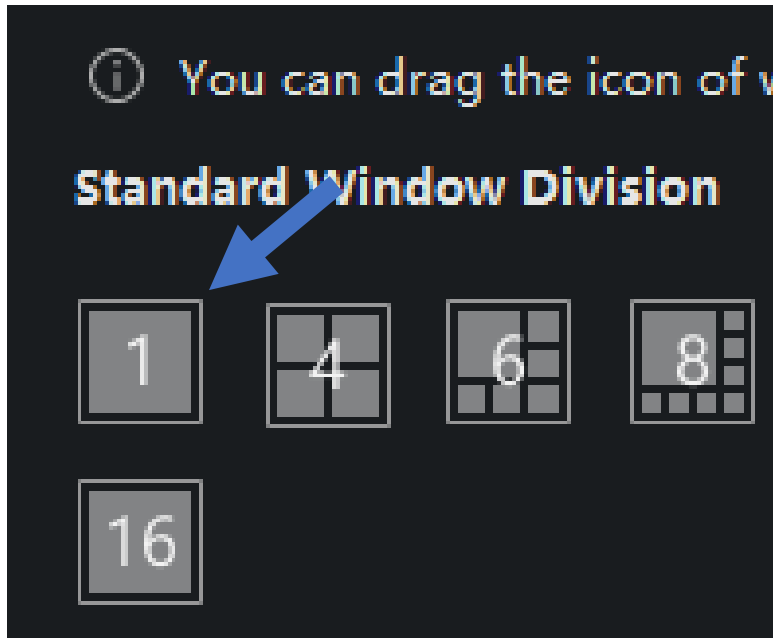

Click the Window Division icon.

It can be found in the bottom right-hand corner.

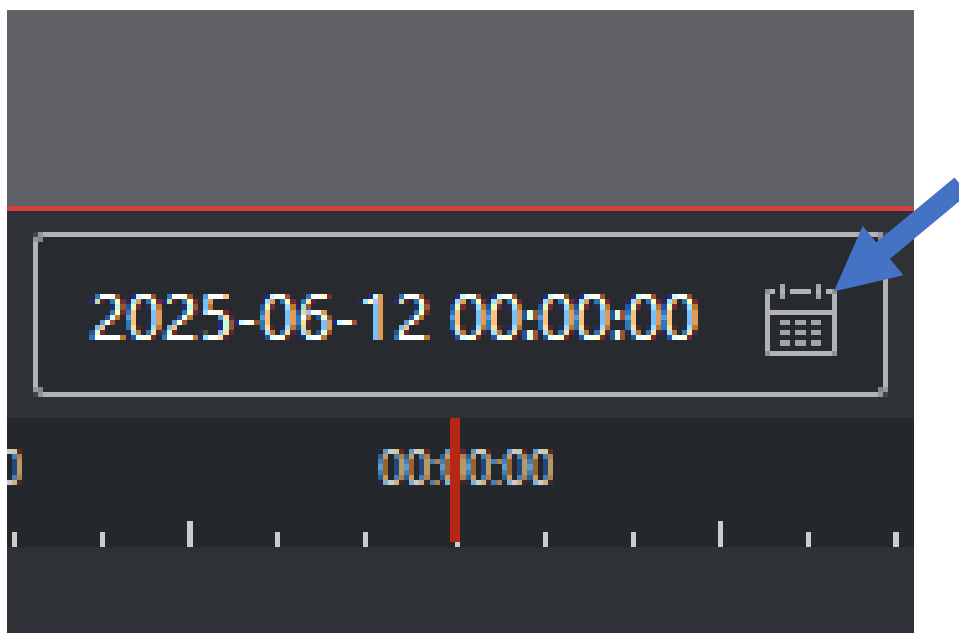

STEP 5

Select Single Screen.

STEP 6

Click the Calendar icon at the bottom of the screen.

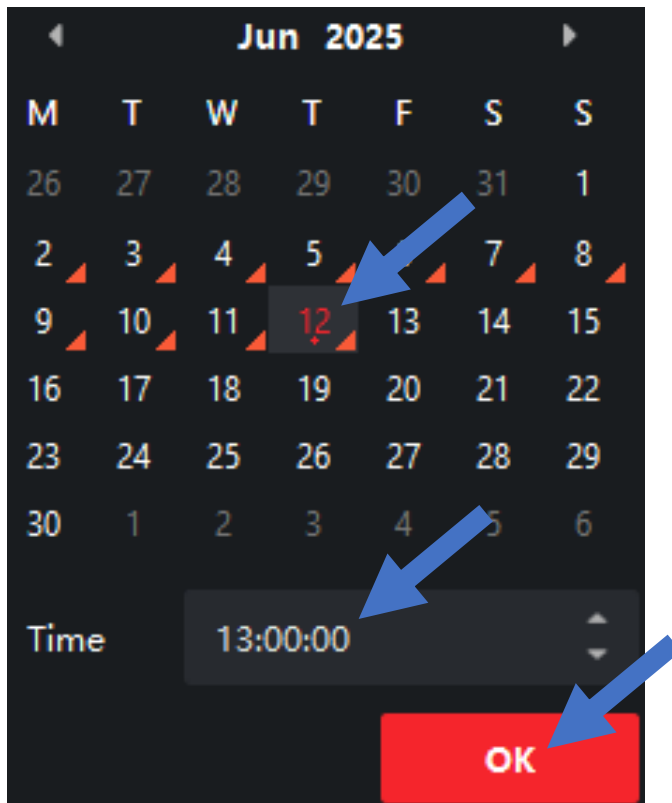

STEP 7

Select the required Date.

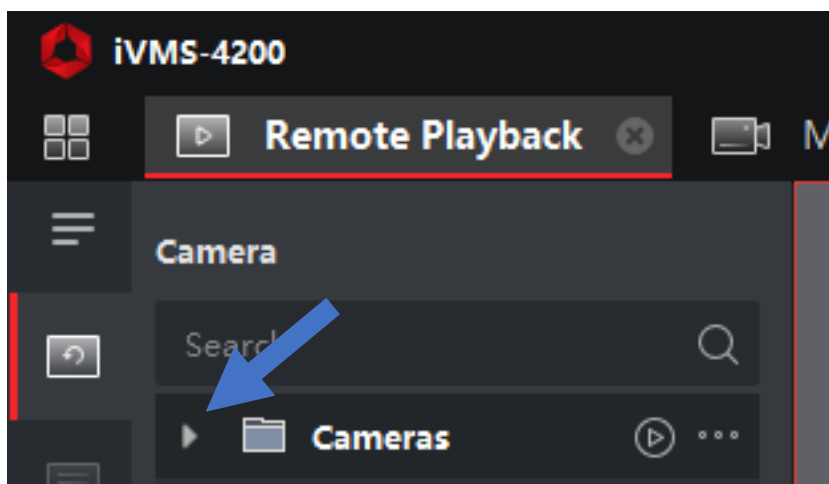

Select the required Time.

Press OK.

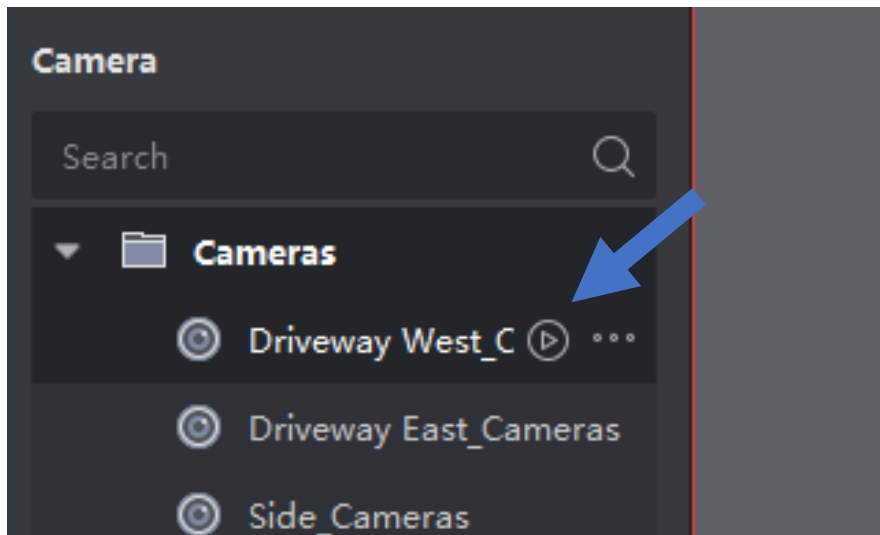

STEP 8

Press the drop-down arrow next to the NVR in the Camera menu on the left.

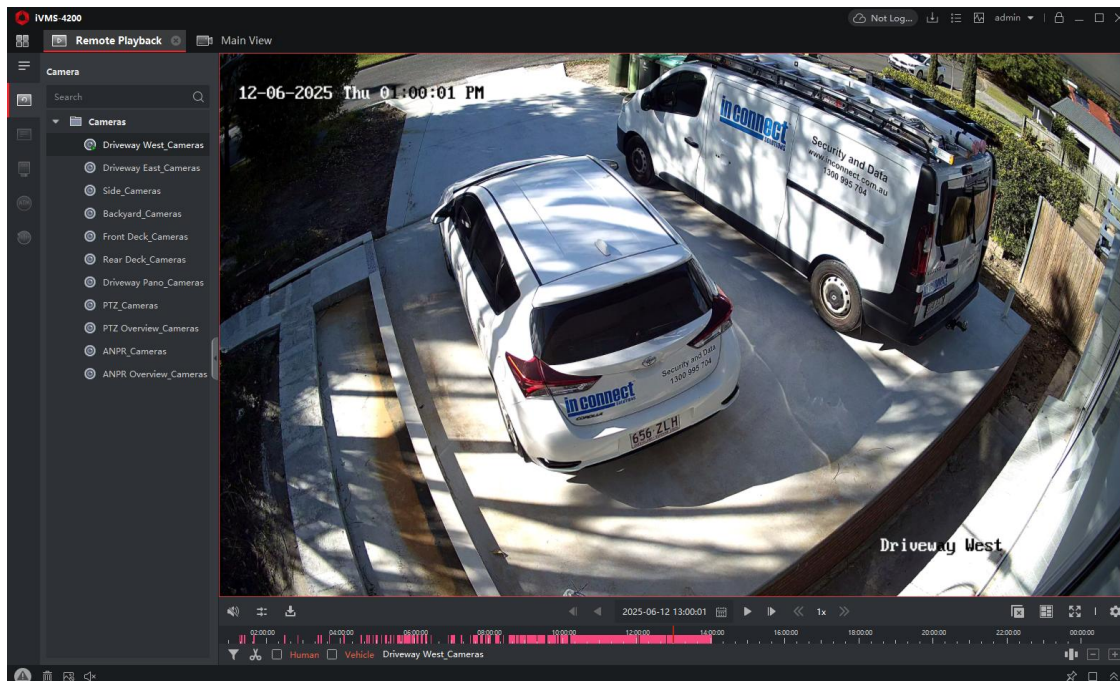

STEP 9

Hover your cursor over the camera you want to playback, then press the play button that appears on the right side of the camera's name.

STEP 10

The playback will begin for the chosen camera, on the chosen date, at the chosen time.

STEP 11

The playback will begin with the first available footage after your selected date and time.

For example:

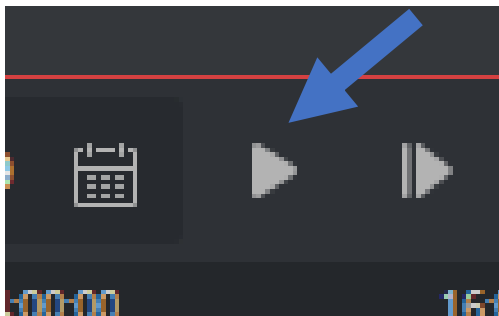

You have selected 12th of June at 1pm.

The playback starts playing on 12th of June at 230pm.

This is due to no recordings existing between 1pm and 230pm.

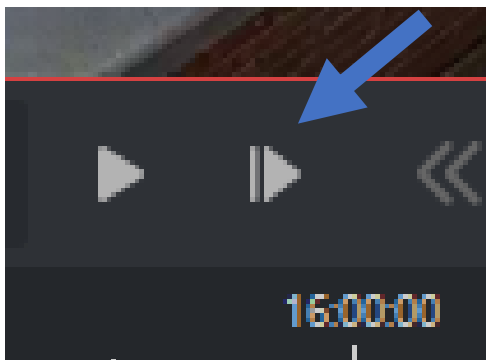

STEP 12

You can use the play/pause button next to the calendar icon whilst viewing the footage.

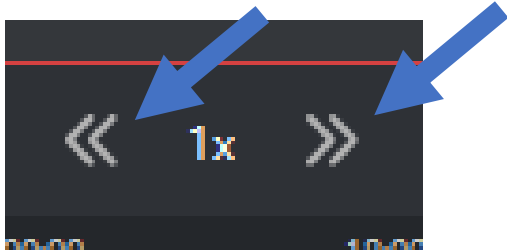

STEP 13

You can also use the single frame button to move forward by a single frame at a time.

STEP 14

Whilst the video is playing, you can use the fast forward or slow forward buttons to speed up or slow down the video.

STEP 15

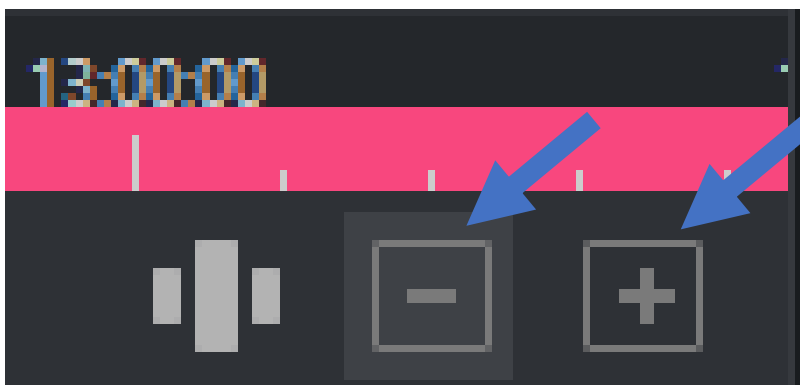

The timeline at the bottom allows you to move around to different times of the day.

Simply click and hold on the timeline, and drag it left and right to move around to different times of the day.

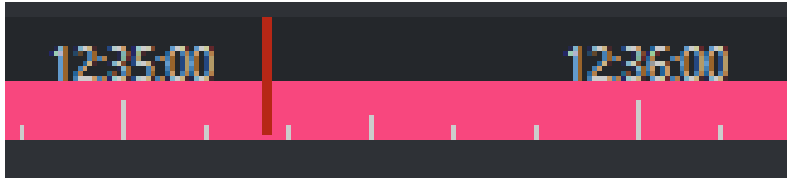

STEP 16

You can use the '+' and '-' symbols in the bottom right corner to zoom in on the timeline, or zoom out on the timeline.

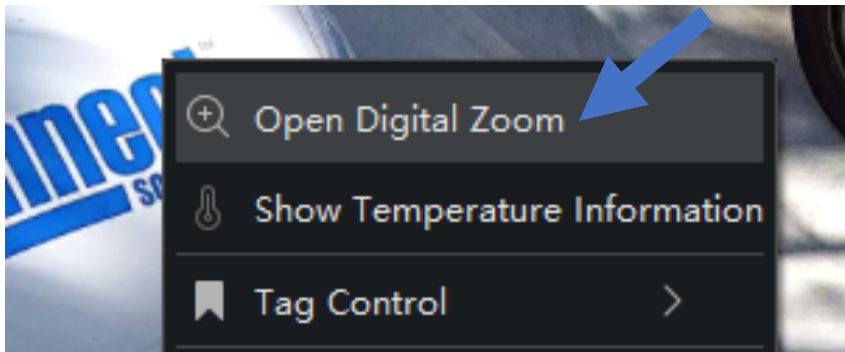

STEP 17

By zooming in on the timeline, you can more accurately navigate to specific times.

STEP 18

To zoom in, right click in the middle of the screen and press Open Digital Zoom.

STEP 19

Hold your cursor over the target you want to zoom in on.

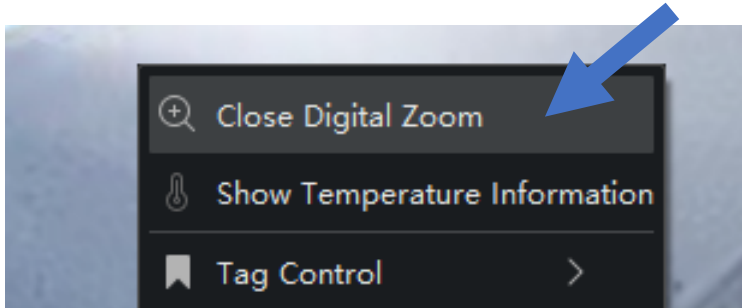

Scroll up on the mouse wheel to zoom in.

Scroll down on the mouse wheel to zoom out.

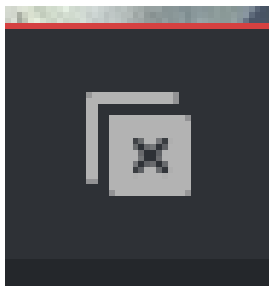

STEP 20

Once finished using digital zoom, right click in the middle of the screen and click 'Close Digital Zoom'.

STEP 21

To playback footage from another camera, first press the 'Close All' button in the bottom right corner.

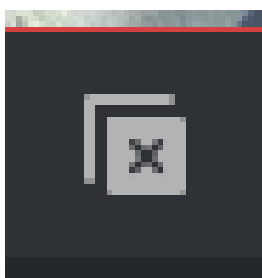

STEP 22

Then repeat steps 6 and 7 (select date and time).

Then repeat steps 8 and 9 (select camera and press play).

STEP 23

Once you have finished using Playback, press the 'Close All' button again.

STEP 24

Finally, close Remote Playback.
